

Examination Development Program

If you have ever wanted to be a contributing member of the Veterinary or Registered Veterinary Technician profession and want to join other active and committed practitioners who play an important role in the betterment of your profession, here is your chance to do so by becoming a part of the examination development process. The Veterinary Medical Board is looking for current licensed California practitioners actively working in California to help write and review test questions, or items, for the California State Board (CSB) and the Registered Veterinary Technician (RVT) Examinations.

The two-day workshops, conducted in Sacramento, are led by personnel from the Office of Professional Examination Services. Item writing workshops start with instruction in question and answer writing and progress to writing them in a clear relevant manner. Item review workshops are separate events that concentrate on ensuring that test questions are correct, comprehensive, and applicable to practice and that they are written at the appropriate level of difficulty.

What is in it for you? You get to feel good about your role in contributing to your profession by ensuring the CSB and RVT examinations are current and relevant, and you get to engage in spirited discussions on subjects near and dear to all our hearts. You get paid travel expenses, a stipend, meet interesting colleagues, and finally, you earn up to 16 hours of continuing education credit.

Feedback from past participants indicates the experience is a satisfying one. Not only do you have the opportunity to have an impact on the examination but you also gain from meeting and exchanging views with other practitioners from throughout the State who represent a diverse group in terms of their specialties, their years licensed, and their practice settings. Invite a colleague into joining with you! Veterinarians and Registered Veterinary Technicians, particularly newly licensed individuals, from all areas of expertise are needed – exotic, feline, emergency, small animal, food animal, equine, dentistry, surgeons, etc.

If you are interested or have additional questions call Jacqueline French at the Veterinary Medical Board at (916) 515-5220, or fill out the form below and **mail** it to the Veterinary Medical Board at 1747 N. Market Blvd., Suite 230, Sacramento, CA 95834, **fax** at (916) 928-6849, or **email** to jacqueline.french@dca.ca.gov.
