Statement of Explanation for Section 100 Filing

California Code of Regulations
Title 16, Division 20, Article 6

Pursuant to Title 1, Division 1, Chapter 1, Article 2, Section 100(b)(3), of the California Code of Regulations (CCR), the Veterinary Medical Board (Board) hereby submits this written statement explaining why the proposed repeal of Section 2068.7 of Title 16 of the CCR does not materially alter any requirement, right, responsibility, condition, prescription, or other regulatory element of any CCR provision.

Subject to the approval of the Office of Administrative Law, the Board proposes to repeal Section 2068.7 of Title 16 of the CCR.

Explanation of why this change has no regulatory effect:

Subsection (c) of Section 2068.7 explicitly states that “This section shall become inoperative on January 1, 2010.” Thus, pursuant to its own terms, Section 2068.7 has been inoperative since January 1, 2010.

Repealing this inoperative language is necessary to avoid confusion and clean up the Board’s regulations.

This is a change without regulatory effect because repealing inoperative regulatory language does not materially alter any requirement, right, responsibility, condition, prescription, or other regulatory element of any regulatory provision.
